STC offers a comprehensive junior program that **includes instruction, group lessons, match practice and an introduction to competitive play.** Our focus is on preparing players for the **STC WORLD TOUR.** There are 5 World Tour events during the school year that feature team competitions for **every level player.**

We use the Evolve 9 program designed by coaching expert Mike Barrell, who has over 25 years of experience developing world class junior programs. The program is used in the US, Europe and Asia as a model for junior development and is the official training program of Serbia. We are the only facility in Texas to use this program.

Players are grouped by age and ability to maximize their individual development as players. Emphasis on age appropriate ball and racquet skills, court movement, agility training, coordination, introduction to tennis related games and lots of fun. Players sign up for class once or twice a week. Tournament Level requires a minimum enrollment of 2 days per week. Minimum of 4 players per class.

REGISTRATION

Players are enrolled in the Junior Development Program for the entire school year. Payment for the first session is due at the time of enrollment. After the first session, payment is due no later than one week prior to the start of the next session. Players who choose not to have a card on file and who do not pay prior to the start of the next session will incur a \$10.00 processing fee. There is a 10% sibling discount for the younger player.

Players may withdraw from the program prior to the start of each session provided they give notice 7 days prior to the start of the session in writing. Once the first class of each session has been taught there are no refunds. Refunds for classes are provided for medical reasons only and must be approved by the Director of Tennis.

Classes cancelled due to inclement weather can be made up during special make up sessions that will be announced during each session. Players are allowed to make up one class for any reason during each session. Due to class size limitations players may not attend any class other than the one for which they are registered. Players who attend a class without permission will be charged for that class.

Players need to bring the right-sized racquet for their level, a water bottle, a hat/visor, and wear court shoes to participate in classes. Players should wear shorts/skirts with pockets to hold tennis balls during play.
